

Flying G Ranch

**Complete Dispersion of
Registered Shorthorns**

Monday February 17, 1969

Alex Galis
Owner

Route 3, Box 480 Albany, Georgia

When we decided to enter into the Shorthorn business, we looked for an entire herd of cattle that were in top production. We were fortunate to be able to buy the entire Maclyn Plantation, along with its herd of Shorthorn cattle, from H. D. McGowan. This herd consisted of the entire Wheatland herd in Washington and cattle purchased from Louada Farms in Canada. Along with the herd came Louada Bomber, 1958 International Champion, the \$35,000 Louada Masterstroke, the great Maclyn Ambassador and other equally famous bulls.

I have really enjoyed the Shorthorn business, but now it becomes necessary for me to sell the ranch and cattle, as our business is taking us back to West Virginia. It will become almost impossible for us to devote the attention needed to efficiently operate the ranch from such a distance. Therefore, we have decided to sell the Shorthorns on February 17. We hope you will be with us.

Alex Galis

Flying Ranch

COMPLETE DISPERSION of REGISTERED SHORTHORN CATTLE

Selling over 450 head.

67 males — 397 females

Cows with calves at foot; Bred cows; Bred and open heifers. To be held at FLYING G RANCH — 6 miles West on Gillianville Road to eight-mile road, then two miles South of Albany, Georgia.

Monday, February 17, 1969

10:00 A. M. E. S. T.

Office Phone: 912-435-1431

TERMS AND CONDITIONS OF THE SALE

1. Terms Cash. Checks will be accepted, however, banking rules and requirements are such we urge you to bring a check from your own bank with your account number on it.
2. All cattle are to be paid for by the purchaser during or immediately following the sale. Settlement must be made before animals are loaded out.
3. Each animal will be at the purchaser's risk immediately after the animal is bid off and the auctioneer announces the animal sold. This shall constitute a contract between the buyer and the seller. They will be fed and cared for, free of charge, for a reasonable time, until they can be removed by the buyer or his agent, but at buyer's risk. (Note: Buyers can obtain mortality insurance at the sale through Harding and Harding Livestock Insurance, see clerk for details). Buyers desiring to leave animals longer than a 72 hour period should make arrangements with the owner, Mr. Alex Galis or sale managers, indicating the period that will expire before removal.
4. Registration Certificates of the animals will be transferred to the buyer at seller's expense. Each buyer is urged to give his proper name, box number, route number, street address, city and zip code number for making transfers. All calves born before the sale will be registered by the seller; all calves born after the sale will be registered by the purchaser. Proper breeding statements shall be signed by the seller, which will enable the buyer to register calves born after the sale.
5. GUARANTEES—This being a dispersal sale, all animals are to be sold at the end of the halter without further guarantee. However, every known defect or blemish will be called before the animal is sold. No animal will knowingly be sold that is not considered a sound breeding animal.
6. HEALTH—All animals in the sale have been tested and found to be negative to TB and Bangs, (All cattle will be tested within 30 days of sale.) All the animals selling will have health charts and meet the requirements set forth by the state of Georgia for interstate and inter-county shipment. Calfhood Vaccination has been practiced since the inception of the herd. Veterinarian, Dr. Baldwin King, 807 Price Avenue, Albany, Georgia, will be in attendance at the sale issuing health charts for your purchases.
7. Announcements at the sale ring by the auctioneer or owner concerning the cattle will take precedence over statements printed in the catalog. All information printed is believed to be accurate and correct.
8. PREGNANCY EXAMINATIONS—Have been made by the Veterinarian. The status of every bred female will be available and announced sale day.
9. LIABILITY—The sale manager and his staff, the auctioneers, ringmen and clerks were employed by the owner as selling agents only and are not responsible for accidents, fulfillments of guarantees or status of health papers. Footnotes appearing in the catalog as to breeding dates, service sires and identity of animals was provided by the owner.
10. Purchasers are asked to furnish adequate information as to the way animals are to be transferred. The sale managers will transfer cattle certificates to the new owners.

"SALE MANAGERS COMMENTS"

Since the inception of this herd now known as the Flying G Ranch, it has been one that has been watched with considerable interest. It was founded during the early nineteen fifties by H. G. McGowan. He spent considerable time and money in developing this set up, one of the most beautiful in the South East.

Mr. McGowan stocked the ranch with a good herd of Registered Shorthorns. After a few years, he figured he had made a few mistakes in selecting his foundation herd. He sold the entire herd and started a new herd. He re-established his herd in 1958. He made his first purchases at the Louada sale when he bought three females at a total of \$13,000.00, as well as the 1958 International Champion, Louada Bomber, paying \$13,000.00 for him.

Mr. McGowan then bought the entire Broughton herd from their Wheatland Ranch near Dayton, Washington, consisting of 124 females. This was one of the best known and producing herds. A herd that Broughton Land Company had spent a life-time in developing. This herd had furnished breeding stock for the leading Shorthorn herds of the country for years, as well as supplying bulls for commercial breeders of the Northwest.

He then purchased another bull, Louada Masterstroke, son of Constructor. He spared neither time nor money in developing this top herd. Another bull developed by Mr. McGowan was Maclyn Ambassador, son of Constructor, whose dam was Phopachy Augusta Lucinda, the \$5,000.00 top female of the 1958 Louada sale. Maclyn Ambassador is the sire of at least 100 females in this sale. His picture appeared on the cover page of the 1965 Shorthorn World Herd Bull issue.

It is this herd that Mr. Alex Galis bought in its entirety in 1964. He had hoped to produce some of the best Shorthorns in the country, but his manufacturing interests in West Virginia do not permit him enough time to continue with the herd. Therefore, he has decided to dispose of the entire herd.

There will be nearly 500 head in the sale, including calves. Practically all have been produced out of the above mentioned breeding stock.

100 daughters of Maclyn Ambassador; 50 females by Louada Masterstroke; 30 females by Louada Bomber, the 1958 International Grand Champion; 25 daughters by Maclyn Bruno and 50 cows bred to him; 12 daughters by Bapton Constructor; 15 daughters by Imp. Tolquhon Constellation and a number of females by other good bulls.

Buyers seldom have the opportunity of purchasing uniformity in breeding. Usually this is only possible in a dispersion sale. This dispersion makes it possible for you to choose from the very best. We feel that in this sale you can buy with confidence. All bred females will have been pregnancy tested by a veterinarian within 30 days previous to this sale. The status of every bred female will be available and announced on sale day. This herd is calfhood vaccinated.

These cattle will be presented in pasture condition. They have never been over-fed and we are certain they will do very well for their new owners.

Both Irvin Retzlaff and R. G. (Bob) Heine will be at the farm several days before the sale and will be glad to go through the herd with you.

All horn brand numbers are listed on the bottom of each pedigree with the footnote in the catalog, so each individual can be easily identified.
